DEPARTMENT: OFFICE OF COMMUNICATIONS
DIRECTOR: DAVID RIGGLEMAN

SUBJECT:
RECOGNITION OF THE EMPLOYEE OF THE MONTH

BACKUP DOCUMENTATION:

Submitted at meeting – Copy of November 2007 Employee of the Month certificate presented to Kelly Balthrop

Minutes:

MAYOR GOODMAN announced WILLIAM BALTHROP (KELLY) as the November Employee of the Month, who is a software architect with the Department of Information Technologies and has been with the City since 2003. In only four weeks KELLY developed a user-friendly, easy-to-understand software program the City needed to enter, track and update information for a new process called Performance Plus. The software is saving the City time in implementing Performance Plus and will benefit even more departments during the coming months. These efforts will help make the City more efficient and a better steward of the public's dollars.

JOE MARCELLA, Director of Information Technologies Department, complimented KELLY'S work.

KELLY stated he loves his work and he thanked MR. MARCELLA, MR. RICHARDSON and the IT staff for their support after his stroke.
